Dear Friend of the Hungarian Settlement Museum,

We hope that you and your loved ones are safe and well and in good spirits during this COVID-19 quarantine. The Hungarian Settlement Museum has been closed since the middle of March. We hope to reopen soon when it is safe.

The Hungarian Settlement Museum in Albany, Louisiana, is one of only three Hungarian Museums in the United States. We are a 501-c3 Federal-Tax Exempt organization. The museum's aim is to maintain, preserve, protect and promote Hungarian Heritage for future generations. Donations are welcome.
